

*The 2010 Lecture Demonstration Tour*  
INTERNATIONAL DRESSAGE TRAINER  
PETER MADDISON-GREENWELL AND  
THE SPANISH STALLIONS OF  
*El Caballo de España*

## **“Classical Dressage”**

***From inception, to perception to deception***

An inciteful look at where dressage came from and how it works. From basics through to pirouettes, piaffes and passages.

The evening is full of interesting and realistic looks at what we perceive in our training and why our horses can so easily go so wrong when we are deceived by ourselves, our horses and others.

During the evening there will be pieces to music, including “The Garrocha”.
